WELCOME TO JRCC PRESCHOOL AND DAYCARE

General Information -JRCC Daycare is a non-profit day care Centre that was established in 1994 to fill the need for a licensed, kosher day care in Toronto. JRCC Daycare is administered by the Jewish Russian community Centre Board of Directors.

JRCC Daycare is licensed by the Ontario Ministry of Education under Child Care and Early Years Act and is associated with Toronto Children Services. JRCC Daycare provides a stimulating educational program in a traditional Jewish environment that combines a complete **toddler, pre-school and KG programs** with a challenging Jewish curriculum emphasizing traditions, values and customs.

JRCC Daycare Program and curriculum is based/guided on a professional learning resource guide “**How Does Learning Happen?** - Ontario’s Pedagogy for the Early Years.

JRCC Daycare Philosophy (Goals)

JRCC Daycare provides a warm, inclusive and caring environment for children with the highest level of education as well as the best Jewish values and ethics. Our program not only covers the areas of language, cognitive, social/emotional, fine motor and gross motor development, but also provides for the holistic child.

JRCC Daycare believes that children are **competent, capable and curious**, and have great potential.

JRCC Daycare will provide an inclusive and enriched childcare environment, which honors and respects all children’s beliefs, cultures, languages, and experiences acquired from their family and community.

Families are encouraged to share their culture, language and home experiences with the center.

JRCC Pre-School-Daycare believes in staff forming trusting relationships and partnerships between parents and staff working together to provide children with the best possible opportunity in achieving their dreams, goals and expectations and providing everyone with a **sense of belonging**. Staff provides parents with the opportunity to discuss their child’s progress through on-going discussions, and parent meetings if necessary or requested.

We aim to provide a diverse program that reflects both group and individual needs. Through ongoing observations, documentations and evaluations, we provide enriching experiences that reinforce, encourage and promote learning, development and play.

JRCC Daycare believes capturing and documenting our practice is a form of reinforcement of the learning process for educators, family and children. Staff will support all children’s **ability to self-regulate**, with the goal of this support being that children **feel comfortable and confident** with the learning environment.

JRCC daycare will promote children’s **engagement** and foster children’s exploration through play experiences and guidance. By specially trained Staff, the children are exposed to situations that will stimulate: communication and social skills through child-child and adult-child interactions; fine motor development; gross motor development through physical activity and outdoor play; self-esteem, problem solving, creative thinking and decision-making capabilities; curiosity, initiative and independence as a key goal in the classroom.

Engagement suggests a state of being involved and focused.

We strive to provide a stimulating program that offers services to children, families and the community, within the framework of the Child Care and Early Years Act and ideologies in Ontario’s Pedagogy for the Early Years (“How Does Learning Happen”).

JRCC Daycare will also promote children’s **health and well-being** by providing daily nutritious, healthy and kosher food based on Canada’s food guide, daily opportunities for children to be physically active and incorporate opportunities to practice self-care skills, based on Toronto Public Health practices and procedures.

We are committed that children learn to: care about other people, understand other's feelings, cooperate and share. Children are encouraged and provided opportunities for **expressing** and sharing their opinions, resolving conflicts, and developing self-competence, self-worth and self-regulation. Through their bodies, words, and use of materials, children develop capacities for increasingly complex communication. Opportunities to explore materials support creativity, problem solving, and mathematical behaviour. Language-rich environments support growing communication skills, which are foundational for literacy.

We treat each child as an individual with love and respect, providing caring, nurturing and trusting environment that promotes each child's learning, development, self-esteem and individuality, thereby ensuring them present and future success, but also to encourage Jewish practice and observance.

JRCC Daycare will consult parents respecting child's sleeping arrangements at the time the child is enrolled in the program.

Arrivals and Pick-ups: -Please do not bring your child to the classroom before 7:30 a.m. If you arrive early, please remain with your child until the classroom doors are open. Children may not enter or leave the Center unless accompanied by an adult.

-Please be sure that a staff member is fully aware (per verbal communication) that your child is arriving or leaving. These times can get chaotic when there are several families arriving all at once, so for the safety of all please verbally communicate with the staff member on duty to ensure that your child is being signed-in or signed-out.

-We ask parents to bring children to the Center no later than 9:00 am each day they attend, due to the welfare and happiness of all the other children. When children arrive late it is a disruption for the other kids that are focused on a project or in the middle of a circle time.

-Children will not be sent home with unauthorized person(s). Parent must send a signed note of consent or call to give the name when someone other than the authorized person is scheduled to collect the child. ID's will be checked.

******Parents may not use cell phones during drop-off or pick-up******

If you need to use the phone do so outside the Center before or after coming onto JRCC Daycare Property. *****Late pick-up is any time after 6:00 p.m. on regular days or designated closing time on days prior to holidays.** There will be a charge of \$1.00 per minute of any late pick up. Please note, if you are late more than one hour past closing time to pick up your child (-ren) and have not notified the centre, Children's Aid Society will be contacted as per the mandate set by Ministry of Education and Community and Social Services.

Parking-Parking your vehicle in the driveway is a fire hazard and places the children in danger. We kindly ask you to co-operate and park your car behind the building and walk your child to and from the entrance.

Nutrition-Nutritional, kosher, hot mid-day lunch and morning and afternoon snacks will be provided. Children's special dietary needs and allergies are posted in the cooking and service areas. Weekly menu plans are posted for the current and following week to assist you in menu planning at home.

Attendance and Absence-Please inform the Daycare if your child will be absent for any reason before 10a.m. There are no refunds for illness or temporary absence. Full fee will be charged.

All children attending daycare are expected to participate in outdoor play. Please do not send your child to school unless he/she is well enough to participate in outdoor activities.

For subsidized parents' 35 absent days per calendar are allowed. Absent days include when a child is on vacation, sick or absent for any other reason. Parents are responsible for assessed fees on absent days.

Full fee charged for vacation time for families that are not on government assistance, except 2 summer months –July and August.

Health Policy-No child can enter the program without complete medical information.

Please do not bring your child to the daycare if your child is not well enough to participate in both indoor and outdoor programming. If your child becomes sick during the day, a staff member will call you and ask you to arrange to pick up your child as soon as possible. A child must be kept out of school until he/she is 24-hours symptom-free when he/she is suffering from a temperature, bad cold, diarrhea, vomiting, unusual rashes, stomach pains, nausea etc. Before returning after an illness, the daycare requires a doctor's note stating your child's ability to return to care, after being absent for more than 3 days. Please ensure that you have the note, as your child cannot be accepted back without it.

Pacifier use Policy -If your child uses a pacifier, parents are asked to provide a labeled one. Children in the Toddler room who use them will have a pacifier only in the morning, to make the separation period less stressful for the children and at nap time. Toddlers will not be allowed to walk around the classroom with a pacifier during the day for the following reasons: it is not healthy for a child to pick up a pacifier off the floor once dropped and put back into their mouth; another child may put someone else's pacifier in their mouth; it is difficult to understand a child who is trying to talk with one in his/ her mouth; and, the muscles in their mouth and tongue need to learn how to work when talking without a pacifier in it.

Medication-All medications given to your child, during their day must be accompanied by permission to Administer Medication Form, available from the staff.

Staff cannot administer the medication unless it's prescribed BY THE DOCTOR and it must be in the original container, with a pharmacy label describing the prescription number, date, child's name, time, and amount of medicine to be given. If there are any discrepancies with prescription, the medication will not be administered. Medication must be given directly to a staff member.

JRCC Daycare is committed to the safety and wellbeing of children enrolled in our program **who are at risk of anaphylaxis**. We are committed to providing:

-an environment where the risk of exposure to anaphylactic agents is reduced.

-communication plan for parents, staff, students and volunteers including information on life-threatening allergies including anaphylactic

-an individual plan for each child with an anaphylactic allergy that includes emergency procedures in respect of the child, updated every 6 months

-training for staff provided by the parent on the procedures to be followed in the event of a child having an anaphylactic reaction, how to recognize the signs and symptoms of anaphylaxis and how to administer the medication and Epi-Pen

Contagious Diseases -Please inform the daycare in the event of a communicable disease i.e. chicken pox, conjunctivitis (pink eye), lice, hand, foot and mouth virus, scarlet fever (strep), impetigo, ringworm, measles etc. Sending a child to school with any sign of any communicable disease puts other children at unnecessary risk.

This can easily be avoided by keeping the child at home and consulting a physician.

If a staff member suspects that a child is being abused, he/she will collect and record as much information as possible about the child including the reasons for suspicions, time and date first noticed. The staff is responsible for speaking to Children's Aid JF&CS and is to inform the supervisor/ assistant supervisor of the situation.

Consent forms-Consent form includes fieldtrips, emergency medical attention, prescription medication, photo/media, release a child to someone other than a parent.

Parents are encouraged to visit and participate in special social meetings, workshops that reflect the culture and interest of the families. Volunteers, Participating Parents, and Placement Students- JRCC Preschool and Daycare may have volunteers, parents and/or Early Childhood Education students working within the organization along with staff throughout the year. At all times, volunteers and placement students will be under the direct supervision of JRCC Daycare’s staff and are not permitted to be left alone with any child. No child or children will be supervised by someone who is not an employee of JRCC Preschool and Daycare. Only employees of JRCC Daycare will have direct access to children.

Outdoor Time policy-The Toronto Children Services requires that all children in licensed child care programs spend time outdoors every day, weather permitting with the guidelines as established by Public Health Canada and Safe Kids Canada. JRCC Program Statement describes the following:

- The philosophy which captures our goals
- The strategies which are our approaches to realize our goals
- The plans of action which execute these strategies

The practices which implement, monitor and evaluate plans, and continually improve our performance.

JRCC Daycare Philosophy (Goals)

JRCC Daycare provides a warm, inclusive and caring environment for children with the highest level of education as well as the best Jewish values and ethics. Our program not only covers the areas of language, cognitive, social/emotional, fine motor and gross motor development, but also provides for the holistic child.

JRCC Daycare believes that children are competent, capable and curious, and have great potential.

JRCC Daycare will provide an inclusive and enriched childcare environment, which honors and respects all children's beliefs, cultures, languages, and experiences acquired from their family and community.

Families are encouraged to share their culture, language and home experiences with the center.

JRCC Pre-School-Daycare believes in staff forming trusting relationships and partnerships between parents and staff working together to provide children with the best possible opportunity in achieving their dreams, goals and expectations and providing everyone with a sense of belonging. Staff provides parents with the opportunity to discuss their child's progress through on-going discussions, and parent meetings if necessary or requested.

We aim to provide a diverse program that reflects both group and individual needs. Through ongoing observations, documentations and evaluations, we provide enriching experiences that reinforce, encourage and promote learning, development and play.

JRCC Daycare believes capturing and documenting our practice is a form of reinforcement of the learning process for educators, family and children. Staff will support all children's ability to self-regulate, with the goal of this support being that children feel comfortable and confident with the learning environment.

JRCC daycare will promote children's **engagement** and foster children's exploration through play experiences and guidance. By specially trained Staff, the children are exposed to situations that will stimulate: communication and social skills through child-child and adult-child interactions; fine motor development; gross motor development through physical activity and outdoor play; self-esteem, problem solving, creative thinking and decision-making capabilities; curiosity, initiative and independence as a key goal in the classroom.

Engagement suggests a state of being involved and focused.

We strive to provide a stimulating program that offers services to children, families and the community, within the framework of the Child Care and Early Years Act and ideologies in Ontario’s Pedagogy for the Early Years (“How Does Learning Happen”).

JRCC Daycare will also promote children’s **health and well-being** by providing daily nutritious, healthy and kosher food based on Canada’s food guide, daily opportunities for children to be physically active and incorporate opportunities to practice self-care skills, based on Toronto Public Health practices and procedures.

We are committed that children learn to: care about other people, understand other’s feelings, cooperate and share. Children are encouraged and provided opportunities for **expressing** and sharing their opinions, resolving conflicts, and developing self-competence, self-worth and self-regulation.

Through their bodies, words, and use of materials, children develop capacities for increasingly complex communication. Opportunities to explore materials support creativity, problem solving, and mathematical behavior. Language-rich environments support growing communication skills, which are foundational for literacy.

We treat each child as an individual with love and respect, providing caring, nurturing and trusting environment that promotes each child's learning, development, self-esteem and individuality, thereby ensuring them present and future success, but also to encourage Jewish practice and observance.

Our Strategies- Child Care and Early Years licensing manual section 46.3,
